<p>10. Abstract 40CFR Part 35 Subpart O is the Superfund Administrative Regulation that governs the award of Superfund cooperative agreements (CA's) to States, Indian Tribes, and Territories of the United States. Subpart O was promulgated 6/5/1990, and became effective on 7/5/1990. Subpart O covers State-lead, site-specific Superfund cooperative agreements for non-time-critical removal, preredial, remedial, and enforcement actions, and site-specific management assistance for federal-lead projects. Also covered by Subpart O are non-site-specific Superfund Core Program and Voluntary Cleanup Program State infrastructure development, as well as Brownfields pilots, and Brownfields assessments. The requirements for Superfund State Contracts, financial administration, property, procurement, reporting, records keeping, closeout are provided in Subpart O. This ICR renewal computes the burden complying with the above-noted Subpart O requirements. Due to more refined estimates of the respondent burden covered under other ICRs and a more robust estimating methodology, respondents burden estimates for State recipients have been reduced from 10 hours per cooperative agreement per respondent to 8.8 hours per cooperative agreement per respondent.</p>
